4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Maintain regional stormwater website and information library for reference and use by regulated MS4s and the general public in the SUA.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The stormwater website is successfully functioning as a public education tool based on the 36,313 recorded "hits" during the current reporting period. This figure represents a 31% increase over the number of site visitors recorded previous program year (11,258). Usage of the online library held steady at 559 recorded hits, up by only 20 hits from the previous program year.

C. How many times was this observation measured or evaluated in this reporting period?

		2	1
--	--	---	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

New information will continuously be added to the regional stormwater website and dated information will be removed. Content will be restructured to facilitate improved ease of access. Additional efforts will be made to promote the website as an educational tool.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Develop a 4-page pullout to be distributed in the main section of the daily Syracuse Post Standard newspaper that focuses on stormwater processes, impacts, issues of concern, primary pollutants of concern, and citizen generated solutions.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The pullout was published on April 26, 2011. Home delivery and point of sale editions sold that day totalled 200,000. 100 additional copies were distributed in MS4 municipal buildings, and permission to reprint portions of the piece was requested by the CNY Homebuilders and Remodelers Association.

C. How many times was this observation measured or evaluated in this reporting period?

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?
 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

A similar 4-page pullout will be published in the Syracuse Post Standard on April 16, 2012 and will also be posted on the CNY stormwater website and made available in PDF format for inclusion on municipal websites or reprint and hard copy distribution.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Develop three seasonally focused stormwater related articles for publication in the GreenCNY section of the Syracuse Post Standard. The articles will be focused on pollutants of concern in the SUA, stormwater processes, and offer advice on reducing negative water quality impacts through simple actions.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Articles were published on May 17, July 19, and November 15, 2011. Point of sale, home delivery and direct distribution totals of each edition were 277,000. 100 additional copies of the May and July, and 70 copies of the November article were requested for distribution at municipal offices. Requests for additional stormwater information were received from the general public following the May and July publications.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Develop large format stormwater "posters" that will be displayed in CENTRO bus shelters across the Syracuse metropolitan area. 24 posters will be displayed in bus shelters for a period of one month.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Stormwater posters were posted in 24 bus shelters that were either located in or served bus routes that ran through 17 MS4 communities. Individual locations were selected to maximize viewership based on consideration of the number of routes served (366), route ridership numbers and estimated road traffic counts (anecdotal as provided by NORMAL Communications), and overall street visibility. The posters ran for a minimum of 55 days each.

C. How many times was this observation measured or evaluated in this reporting period?

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

There are no plans to continue posting these shelter displays in future years; however, full size, original posters (66" X 44") are currently being displayed in 17 municipal buildings and 1 SWCD office. All CNY Stormwater Coalition members have received PDF versions of the posters to use in municipal newsletters and/or websites and original posters will be displayed at local events sponsored by the CNY Stormwater Coalition.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Provide direct information on topics of interest to construction developers with a focus on current construction permit requirements and changes to the NYS Design Manual. Topics may include new and redevelopment design processes and considerations, low impact development, and volume reduction through the use of green infrastructure. Information presented in a newsletter format. 500 copies distributed to 170 contractors and developers who do business in the SUA and SUA MS4s.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Anecdotal feedback from local contractors, designers, and municipal representatives indicated the format change was an improvement that promoted greater readership among the target audience over the previous standard letter format.

4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Update the 2009 "Stormwater Program Overview for Municipal Officials" to reflect responsibilities of various municipal officials under the 2010 stormwater general permits, a concise resource for newly elected/appointed municipal officials and staff. Update on the interaction between the state construction permit and the MS4 permit requirements, and the responsibilities of specific municipal officials and staffs, new design requirements, construction review practices and considerations.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The update was completed and distributed on March 27, 2011. Each participating MS4 received 2 hard copies, and the report was posted on the CNY Stormwater website. Feedback and requests for additional copies from municipal representatives during Stormwater Coalition meetings indicate the resource was well received and effective.

C. How many times was this observation measured or evaluated in this reporting period?

 Yes No
E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?
 Yes No
F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

This publication will remain accessible on the CNY stormwater website, but no formal updates are planned. A comprehensive workshop entitled "Stormwater Program Management for MS4 Officials" will be held in April 2012. The invited audience will include municipal officials with responsibility for implementing various portions of their municipal SWMP. The workshop will help them understand the overall stormwater program and how their roles affect municipal compliance.
