

Village of Central Square
Zoning Board of Appeals
Public Hearing
Clara Sauter Subdivision
April 22, 2008

Board Members Present: Chairman Gabe Buschle, Jacques Monica, Mike Sperling, Bob Loran, Mary Ninemire
Code Enforcement: Mike Kraus
Guests: Clara Sauter, Ken Sherman, Heather Stevens, Dave Bardoun

Notice of Public Hearing read by Gabe Buschle. Meeting called to order at 7:00 PM.

Mr. Buschle asked Ms. Sauter to review her site plan application with those in attendance. Ms. Sauter stated the driveway is what is in question. She would like access to the back property so it is not landlocked. There is 18' for both properties. She will also give the back of the front building extra footage to allow necessary parking spaces and room for snow removal. Only rearranging the driveway. Need to stay away from sewer.

Mr. Sperling inquired as to the code and what makes this plan necessary to come before the zoning board.

Mr. Kraus stated the lot is non-conforming – neither lot meets zoning requirements. There is a separate deed for each property. Front building is zoned commercial and the back is residential. The front lot will become larger.

Mr. Bardoun – there is no need for driveway to change, but Mr. Sperling suggested that be stated in the deed.

There is no intent by Ms. Sauter to further subdivide. The driveway on the east side is owned by the Universalist Church.

Motion by Bob Loran to close the public hearing – Seconded by Mike Sperling. Motion carried
