Dear Mr. Huang,

In light of all the public scrutiny being perceived in the public media and elsewhere and as an elected public official I need to ask you a simple and forward question, in regards to spraying at this time to prevent the spread of the West Nile mosquito.

Do you and the Oswego County Public Health Department warrant that aerial spraying at this time in Oswego County for the West Nile mosquito should be done? If so should the Oswego County Health Department be spearheading and overseeing the operation, in terms of alerting the public when spraying will occur along with absorbing the cost on a county wide plan.

I will be waiting your response as soon as possible. You may contact me by email at [centralsquarevillageclerk@cnyemail.com](mailto:centralsquarevillageclerk@cnyemail.com) or on my cell phone at 315-952-2828.

Sincerely,

Mayor Millard W. Murphy
